

Volunteering

What are some ways that I can help Pugs U Gotta Save?

We're glad that you asked...

First and foremost: rescue requires having somewhere for the dogs to stay. That means we need foster volunteers. Well, really the pugs need foster volunteers, someone that will provide the time and attention necessary to nurture these little ones back to physical and mental health. Please seek other areas of this site for all that is involved with volunteering.

We could always use donations (<http://donate.pugsugottasave.org>)

Advertising about our available dogs and ways others can help. With numbers our opportunities increase. Our available dogs can be seen at <http://available.pugsugottasave.org>

Word of mouth with friends and family.

Sharing information posted on facebook
(<http://www.facebook.com/PugsUGottaSave>)

Retweeting (<http://www.twitter.com/PugsUGottaSave>)

Assisting at events (posted at: <http://events.pugsugottasave.org> as well on applicable alternate sites)

Searching for ways that the rescue can fundraise that would reward more than it costs to partake.

Searching for ways to advertise to increase the support provided to the rescue.
